**I shall be telling this with a sigh
Somewhere ages and ages hence:
Two roads diverged in a wood, and I —
I took the one less traveled by,
And that has made all the difference.**

Robert Frost's *The Road Not Taken*, st. 4

PREFACE

Ethics: A Selected Bibliography, now in its sixth revised edition, was compiled to support the study of ethics, one of the U.S. Army War College's enduring themes. This list, like our earlier ethics bibliographies, focuses on military ethics, as well as some other selected contemporary ethical issues. It contains many of the citations from the fifth edition in addition to notable materials that were added to the collection since it was published in 2000.

All items included in this bibliography are available in the U.S. Army War College Library. For your convenience, we have added library call numbers or Internet addresses at the end of each entry. (Call numbers indicate the item's shelf location in our library.)

This bibliography is also available on the Internet through our Library's home page <<http://www.carlisle.army.mil/library>>.

For additional information, please contact the Research and Information Services Branch, U.S. Army War College Library by sending an e-mail message to libraryr@carlisle.army.mil, or by phoning DSN 242-4280 or Commercial (717) 245-4280.
